

US-MEXICO NATURAL GAS FORUM

The US-Mexico Natural Gas Forum will focus on exporting gas to Mexico, including the many elements involved in mobilizing U.S. production to satisfy growing Mexico natural gas and power demand. As with each of the Forums, all aspects of the market will be addressed, including supply, demand, economics, risk analysis, transportation, storage, infrastructure, logistics, regulatory, etc. Representatives of industry leaders in this market, as well as market experts, will offer insight and real life case studies. Questions of presenters are encouraged, to facilitate dialogue.

SPONSOR BENEFITS

- » **Visibility via Speaking Opportunity / Kiosk** – Each sponsor will be provided with a speaking slot to discuss a key industry issue or promote a particular project. Or, rather than speaking, sponsors may instead set up a promotional kiosk at the Forum.
- » **Inclusion in Conference Guide** – A Conference Proceedings Program will be handed out to every attendee at the Forum. Your company's logo, speaker's bio, etc. will be included.
- » **Conference Promotion** – Before, during, and after the conference, sponsor generosity will be promoted in all pre-conference publicity, signage at the conference, post-conference correspondence, etc. We anticipate more than 30,000 pieces of promotional materials to ultimately be distributed.
- » **Logo Item** – To give sponsors the exposure and opportunity to get their logo out to our attendees, we will have a table placed in the conference area where we will display any logo give-away items that you wish to send us. These items will be available to all attendees throughout the conference.
- » **Web Presence** – Your company will be listed as a sponsor on our conference web site (www.usmexiconaturalgasforum.com), your logo/link will be included in emails sent out about the conference, you'll be promoted on the Forums social media platforms, etc.

"I feel strongly that you are creating a very valuable resource for our industry. Thank you!"

David Smyth, Business Operations,
